

Monday 17th January 2022

Headington School and St John Fisher Music Partnership Year 4

Dear Parents and Carers,

We have an exciting addition to our music curriculum for year 4 this term!

Year 4 will attend four music sessions at the Headington School music department, lead by the music team at Headington School. This musical collaboration will take place over the next four weeks, beginning on Friday 28th January 2022. The children will be collected from school and returned to school by minibus. The project this term will have a singing and keyboard focus. The sessions will take place in two half class groups.

As this is an off-site visit, safety is of paramount importance, as I am sure that you will agree. Should staff feel that a child is unable to attend due to unsafe behaviour at school prior to the visit, alternative provision will be arranged and the child will remain at school.

We are looking forward to listening to their singing and keyboard performances.

Please have a look at the school website, which shows some pictures of the music workshop so far

Kind regards,

Mrs Penman

Principal
