

# Lent family conversation card questions

We hope these cards will help your family have some meaningful conversations over Lent, and perhaps find out some new and surprising things.

Simply print and cut out the cards. There are also some blank cards for you to add your own questions. You can allow people to read the questions and choose one that resonates with them or pick them at random – whatever will work best for your gathering.

## Conversation card questions

Share something kind someone did for you

## Conversation card questions

Share something kind you did for someone else

## Conversation card questions
